

Section	Details
Progress Overview (inkl. Reasons for Deviations of the Plan)	<ul style="list-style-type: none"> ✓ KickOff and Assignment Upload 📁 Request Access to PASSION dataset <ul style="list-style-type: none"> – Access granted but Switch Drive was down when I wanted to test the access ✓ Prepare timetable 📁 Setup LaTeX Base Document ✗ Start Literature Review on general ML biases <ul style="list-style-type: none"> – Started writing Problem Statement which helped getting into LaTeX, which took some time away from the Review – Setting up LaTeX templates took longer than expected
Accomplishments	<ul style="list-style-type: none"> ✓ Setup of the most important documents / templates ✓ Report already started ✓ Tasks for first phase are clear
Risks and Measures	<p>Wasting Time on Irrelevant/Poor-Quality Sources</p> <ul style="list-style-type: none"> • prioritizing papers with high citation counts • using systematic strategy as proposed by Ludovic <p>Missed Citations/Wasted Time Later to Re-Find Papers</p> <ul style="list-style-type: none"> • Writing a summary for each paper directly in the corresponding bib file that includes: key concept, research question, findings and potential section of the thesis where it could be used. • Adding citations immediately while writing in the final report. <p>Focus Too Much on One Research Topic, Neglecting Others</p> <ul style="list-style-type: none"> • Applying time-boxing: Set time limits for each topic and stick to it.
Next Steps	<ul style="list-style-type: none"> • Test the Access to PASSION dataset • Finalize Problem Statement (or should this be done later in the process?) • Literature Review according to plan • Fix LaTeX Template
Discussion Points / Questions	<ul style="list-style-type: none"> • Timetable, especially the allocated time for the individual research topics • How can I fix that the Glossary and Figures List appear as chapters in LaTeX? • Feedback regarding this first report
Additional Notes	I will be out on Monday, 3.3. due to Lucerne Carneval. I will work instead more during the rest of the week from remote.
